NATIONAL 4-H CLUB WEEK

When President Lincoln signed into law a bill that eventually led to the establishment of 68 land-grant colleges and universities he hoped "to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life."

Even though Lincoln was saddened by civil strife which was tearing the nation apart, he did envision a United States where higher education would be available to all.

Would he be comforted to know that 100 years later well over a half-million students are enrolled in land-grant institutions? Or that these educational establishments are the fountainhead of agricultural, technological and scientific knowledge for the very young?

For more than a half century, our land-grant universities and colleges have been "extending" such information to 4-H Club members. Today more than 93,000 clubs, from Maine to California, are well into the 1962 program.

MARCH, 1962

With rustling winds and gloomy skies
The dark and stubborn Winter dies;
Far-off, unseen, Spring faintly cries,
Bidding her earliest child arise;
March!
Bayard Talyor

March is a turning point month when Winter begins to give way to warmer weather and the first signs of spring appear. In early colonial days, the year began in March. The name of the month comes from the name Mars, which, in ancient Italian meaning, was the name for the God of War.

The cotton gin was patented by Eli Whitney, of Massachusetts, on March 14, 1894.

The U. S. Military Academy, at West Point, N. Y., was founded by an Act of Congress on March 16, 1802. St. Patrick's Day is celebrated on March 17, dating from the date of the patron Saint of Ireland, on March 17, 493.

March contains many historical days, and should be a source of interesting reward for those who study our glorious past.

Game Warden Announces Wildlife Week

Charles D. Torrence, Game Warden in Appomattox County, reminds citizens of Appomattox and Appomattox County, that this week, March 18-25, is being observed throughout the county as National Wildlife Week. "This observance," Warden Torrence explained, "is sponsored by the National Wildlife Federation and its state affiliate, the Virginia Wildlife Federation, to bring important wildlife problems to the attention of the public."

"The Virginia Game Commission supports this worthwhile activity which this year is emphasizing the problems of the nation's waterfowl," he said.

"This year's theme, 'Waterfowl for the Future,' is an especially important subject for all sportsmen," Warden Torrence emphasized. "Our waterfowl have suffered setback after setback in the past few years, until their continued existence depends to a great extent upon the action sportsmen take this year in their behalf."

Warden Torrence states that he would be glad to supply information materials and assistance to any individual or to groups that wanted to organize programs or meetings during Wildlife Week.

Stonewall

March 12th. My, if we really haven't had snow this winter, I never hope to see any.

So sorry to disappoint so many folks last week by no news from Stonewall. So much deep snow we just didn't have any mail for two days and I was sick with a cold and could not venture out in 20 inches of snow. If it had not been for our good friend and neighbor, Mr. Rufus Burnette, we would still be buried. He is so kind and nice to always open our road. He had to use two tractors to pull his snow plow,snow was something to move. We thank him from the bottom of our hearts.

Mr. Jessie Davidson and little Ronnie Davidson and Mr. and Mrs. Parks Jennings visited Mr. and Mrs. Lester Carson on Sunday evening. They have both been on our sick list. Hope both will soon be real well.

Mr. and Mrs. Hugh Braford and family visited his sick mother at Natural Bridge on Sunday. Glad she is better. Hope for her a speedy get well.

Mr. and Mrs. Henry Beard and Laurance and Mr. and Mrs. Clayton Drinkard, Jr. of Lynchburg, visited Mr. and Mrs. E. L. Chick on Sunday.

Mr. and Mrs. Cantrell Smith and girls of Lynchburg spent Sunday with her parents, Mr. and Mrs. C. D. Carson.

Sorry to hear little Tim Burnette has the flu. Do hope for this dear little boy a speedy get well.

Mrs. Melvin Moore visited her sick sister, Mrs. Maggie Moore, at Concord on Saturday evening. We hope for her a speedy recovery.

Mr. and Mrs. Frank Moore and family, of Brookneal, spent Sunday with his parents, Mr. and Mrs. Melvin Moore.

We want to wish Mr. Sam Davidson a very happy birthday, today. Hope he will have lots more.

Mrs. E. L. Chick received word last week of the illness of her sister-in-law, Mrs. Paul Drinkard. She is in Virginia Baptist Hospital. We wish for this fine Christian lady, a speedy get well.

We are all so glad to know Mrs. Leitner has gotten well after being sick last week. Our best get well wishes are for her and do hope our good pastor will stay well all the time. He and Mrs. Leitner carry so much sunshine to every sick one they visit.

Mr. and Mrs. Curtis Wooten and Mike visited her parents, Mr. and Mrs. Wilton Routon, on Sunday.

Miss Kitty Rauton has accepted a position in Lynchburg at a bank and likes her work fine. We wish for this fine young lady much success in life.

Mr. and Mrs. Harold Stratton and children of Oakville spent last Sunday with his parents, Mr. and Mrs. Bert Stratton.

We are all so happy to hear Mr. Carter Bondurant will soon be home after being gone overseas for over two years. We will all welcome this fine young man home and wish him much success in life.

No matter what station in life a man occupies in life, he has several plausible excuses to explain his failure to rise higher.
